

**18.** (amended) The method of playing a card game according to claim 15, wherein a Player's Bonus Bet predetermined winning hands comprise 4 of a Kind, Straight Flush, 5 of a Kind or Royal Flush.

### REMARKS / ARGUMENTS

Entry of this amendment and reconsideration of the application, as amended, are respectfully requested. By this amendment, claims 1-18 have been amended. Now, claims 1-18 are pending in this case after the amendment.

**Claims 1 and 15** have been amended to overcome the rejections of claims 1 and 15 under 35 U.S.C. 102(b) as being anticipated by Feola over Examiner's positions for no recitations for 1) there is no recitation that all the Primary and Bonus wagers remain placed until each Player and Banker have been dealt their seven-card hand (Office Action Summary page 2, last paragraph), 2) "only one round of betting" is not clearly recited in the claims of the present invention (Office Action Summary page 3, lines 1-7); 3) only broadly recite "dealing cards, seven cards dealt either at one time or proportionally, into enough dealt hands of seven cards to provide a dealt hand for each Player and for the Banker" (Office Action Summary page 3, lines 7-14), 4) the recitation of the differences how bets are settled between my present invention and Feola's game (Office Action Summary page 3, last paragraph).

**Claims 2-14, and 16-18** have been amended to overcome the rejections under 35 U.S.C. 103(a) as being unpatentable over Feola.

### CONCLUSION

My present invention is intentionally designed to be fast paced, simpler (no skill required) and fun to play (providing at least one but preferably four Jokers and seven cards at one time for card reading enjoyment) than the games of Feola and many popular casino games like Caribbean Stud, Let It Ride and Pai Gow Poker. It is novel and clearly defined over the prior art. I believe that the foregoing amended claims 1-18, Remarks and Arguments are a complete response to the Final Office Action and place my application in condition for allowance without raising any issues which would need further searching. I cordially invite the Examiner to contact me for a telephone interview regarding this case.

Respectfully submitted,

---

Henry Tien Lo, Applicant

Date: June 07, 2005

**VERSION WITH MARKINGS TO SHOW CHANGES MADE**

1. A method of playing a card game among a plurality of Players and a Banker, each Player wagering against the Banker, comprising the steps of:
